research paper undergraduate from the year 2007 in the subject business economics marketing corporate communication crm market research social media grade 1 3 university of applied sciences berlin course marketing language english abstract due to strong competition and a continuous market change most companies engage in strategic planning today to become or stay competitive in the long run strategy is all embracing strategy has to capture internal and external aspects that means to comprise competencies and market opportunities strategy has to keep in view the own company the customers and the competitors the challenge is to create customer values and competitive advantages to assure benefits and growth as a result the starting point of every strategic decision demonstrates the recognition and the analysis of the company s current situation containing a high variety of parameters these parameters are generally defined by the company s influence into internal and external parameters however the understanding of the company s situation is only defined in absolute by analysing parameters and its bilateral dependencies therefore the combination of the company s internal factors and the external environmental circumstances presents the basis for the strategy development and the resulting organisational marketing goals and application of the marketing instruments the swot analysis is a strategic planning tool used to evaluate the strengths weaknesses opportunities and threats of a company it provides information that is helpful in matching the company s resources and capabilities to the competitive environment in which it operates the resulting swot matrix contrasts the results of the internal analysis strengths and weakness and the external analysis opportunities and threats to define strategic fields of action that application of a swot analysis is therefore instrumental in strategy formulation and selection

seminar paper from the year 2008 in the subject business economics offline marketing and online marketing grade 1 0 university of applied sciences berlin language english abstract marketing offers numerous valuable tools to analyze a company s current situation though most of them have the weakness of providing only a very isolated view that is not suitable for a long term entrepreneurial decision the swot analysis however pursues an integrated approach including key

company and environmental variables the objective is the confrontation of the company's internal strengths and its weaknesses as well as company external business opportunities and risks in order to generate possible strategic options the swot analysis particularly supports a combined and integrated approach of the current company situation enabling well balanced and comprehensive decisions one main benefit is thus the reduction of complexity through the integrated approach leaving the key factors and strategies as analytical residue in practice the swot method is a well established tool to analyze business units in larger companies and smaller start ups in particular during their launch the swot analysis though reveals limited possibilities when analyzing all business units of large companies for this task other more holistic approaches as the share holder value concept or the portfolio analysis are appropriate however this large field of tools will not be treated in this assignment the swot analysis is though despite its disadvantages one of the most important instruments for the internal analysis of a company's situation that in every case delivers a pretty comprehensive and resilient foundation for further entrepreneurial decisions and strategic planning

this guide explains swot analysis as a practical tool to help farmers and business owners make better decisions and improve their business success

seminar paper from the year 2011 in the subject business economics business management corporate governance grade 1 0 university of applied sciences deggendorf course management tools language english abstract the growing influence of customers on product design increasing market dynamics the negotiating power of suppliers the decreasing half life of product life cycles or political legal and macroeconomic changes present companies with enormous challenges in addition the pressure of time success and turnover tempt senior management to take ill considered individual measures which may promise success in the short term but are doomed to failure in the long term instead before decisions are made a well founded analysis process is necessary that continuously weighs up opportunities and risks or strengths and weaknesses and embeds them in a corporate strategy that promises success the explosiveness and necessity of an instrument for the analysis of opportunities and risks or strengths and weaknesses can be well illustrated by current economic and political events especially in the automotive industry before the management tool of the swot analysis is explicitly discussed at the beginning of this work a classification of the swot analysis in the process of the strategic management takes place before then more near on the basic idea of this management tool is dealt with the information from the environmental analysis in chapter 2 4 and enterprise analysis in chapter 2 5 flows into the illustration of a combined swot portfolio in chapter 2 6 after the presentation of the objectives and the consideration of advantages and disadvantages in chapter

2.8 a short summary of the results is given at the end of the thesis as well as an assessment of the author with regard to the future relevance of the analysis tool as a starting point for strategic decisions in companies

seminar paper from the year 2008 in the subject business economics marketing corporate communication crm market research social media grade 1.0 university of applied sciences berlin language english abstract marketing offers numerous valuable tools to analyze a company's current situation though most of them have the weakness of providing only a very isolated view that is not suitable for a long term entrepreneurial decision the swot analysis however pursues an integrated approach including key company and environmental variables the objective is the confrontation of the company's internal strengths and its weaknesses as well as company external business opportunities and risks in order to generate possible strategic options the swot analysis particularly supports a combined and integrated approach of the current company situation enabling well balanced and comprehensive decisions one main benefit is thus the reduction of complexity through the integrated approach leaving the key factors and strategies as analytical residue in practice the swot method is a well established tool to analyze business units in larger companies and smaller start ups in particular during their launch the swot analysis though reveals limited possibilities when analyzing all business units of large companies for this task other more holistic approaches as the share holder value concept or the portfolio analysis are appropriate however this large field of tools will not be treated in this assignment the swot analysis is though despite its disadvantages one of the most important instruments for the internal analysis of a company's situation that in every case delivers a pretty comprehensive and resilient foundation for further entrepreneurial decisions and strategic planning

undertaking a swot analysis is a popular strategy tool and frequently the basis of an assignment for students of business studies this guide helps you with the critical theory worked examples and case studies where to look for the factors how to create strategic responses to a situation how to approach a swot assignment avoiding the usual mistakes references so that you can hand in a great assignment

l'ebook business swot analysis parte da una riflessione dal punto di vista cognitivo e metodologico del concetto e del ruolo della strategia per procedere con l'analisi del modello swot una strategia rappresenta il piano d'azione che un'azienda elabora per raggiungere determinati obiettivi e risultati all'interno di un determinato ambiente e con l'impiego di risorse precise un'azienda non ha un'unica strategia aziendale bensì ha molte strategie ad esempio la strategia di marketing o quella finanziaria l'analisi swot rappresenta un processo che consente a un'azienda di avere le informazioni

necessarie per la definizione delle strategie organizzative il modello swot è uno strumento che può essere impiegato sia per una valutazione e pianificazione dell'intera azienda sia per una specifica area o un segmento di mercato o un preciso progetto

seminar paper from the year 2014 in the subject business economics business management corporate governance grade 1 0 university of applied sciences marl language english abstract constant change is the norm with it comes an impact on long established thinking methods and strategic thrusts across the globe business leaders are considering where opportunities exist or where risky threats may arise the current situation is complicated by the highly dynamic nature of the business environment which makes it difficult to ensure ongoing resilience and the associated security of business planning it is therefore not surprising that the global economy has been plunged into an unprecedented crisis as a result not only internationally operating corporations but even entire countries have been hit hard almost daily these companies therefore report effects on their business figures or announce conditions that threaten their existence nevertheless there is hope there are companies that use this situation as an opportunity and through improved positioning will even come out of this crisis situation better than they came in however since market opportunities must be identified in order to be able to exploit them successfully indicators are needed that highlight these opportunities and in this context also express how the respective opportunity can be exploited however risks should also be revealed and the company's personal strengths and weaknesses taken into account after all only those who have a sophisticated strategy can face market events with confidence and achieve success in the long term the swot analysis can be described as such an indicator and is therefore the subject of this work
